Subject: Juneau Access Road

To Whom It May Concern,

6 April, 2007

Of all the federally funded projects our State Department of Transportation & Public Facilities (DOT&PF) STIP, I consider the access road into Juneau, our state capitol, as one of the most important projects, if not the top project. We should immediately proceed with this important project..

I fully support the immediate approval for the project to be funded at a level through and including its construction. Let's get on with with it.

Call if questions,
